FOR IMMEDIATE RELEASE

eMaint Enterprises joins forces with the Reliability Performance Institute to sponsor the CMMS-2011 Computerized Maintenance Management Summit, April 11-13, 2011

Marlton, NJ March 16, 2011 - eMaint Enterprises, headquartered in Marlton, New Jersey has provided maintenance management software solutions since 1986. Dedicated to successful CMMS implementation, eMaint is pleased to be a contributing sponsor of the CMMS-2011 Computerized Maintenance Management Summit, a learning and networking event designed for those seeking to implement a new CMMS/EAM or reimplement an existing CMMS/EAM for more effective maintenance management and decision support. The Summit will take place at the Reliability Performance Institute in Fort Myers, Florida on April 11 - 13, 2011.

eMaint's commitment to successful CMMS implementation and to supporting maintenance professionals is evidenced by this Key Performance Indicator – a high (over 90%) customer renewal rate. Now you can listen to, experience and learn from eMaint clients such as Bill Chant, Orange County Container Group's Director of Maintenance and Engineering, who will share his CMMS implementation results in a powerful presentation filled with concrete examples and valuable takeaways. Learn from Boyd Helm, Maintenance Manager, Cardinal Glass, who used his CMMS to achieve profitability in a turnaround situation in just six months, and network with eMaint executives Gene Pargas, Vice President, Business Development and Marketing Director Rona Palmer along with other industry professionals for an educational and informative one on one learning experience.

eMaint's contributions to CMMS success are many, from their monthly free CMMS workshops offering timely and topical information to the powerful eMaint University, the on-demand learning portal featuring 24/7 access to recordings and training materials, best practices webinars and self-paced training experiences. Maintenance and industry professionals seeking to implement or replace an existing CMMS/EAM will enjoy this in-depth focused learning, benchmarking and networking experience filled with useful information and case studies, available only at the CMMS-2011 Computerized Maintenance Management Summit, sponsored in part by eMaint Enterprises.

About eMaint Enterprises, LLC

eMaint, the leader in on-demand CMMS solutions, has been providing maintenance management software solutions since 1986 and was one of the first CMMS providers to develop a completely web-based "Software as a Service (SaaS) model for more rapid implementation at a lower total cost of ownership. eMaint's client-base consists of over 4900 users worldwide across 750 sites ranging from small & medium sized organizations to Fortune 500 corporations including manufacturers, service providers, fleet operators, energy and utility companies, health care facilities, universities, municipalities, and facility and property managers.
