FOR IMMEDIATE RELEASE

eMaint Enterprises - Computerized Maintenance Management Solution Provider - Exhibiting at 19th Annual SMRP Conference

MARLTON, NJ October 4, 2011 - eMaint Enterprises, a world leader in on-demand maintenance management systems since 1986, will be exhibiting at the 19th Annual SMRP conference, one of the largest Maintenance and Reliability conferences in the world. The event will be held from October 17-19, 2011 in Greensboro, NC at The Sheraton Greensboro at Four Seasons. eMaint joins over 60 other companies involved with Maintenance and Reliability issues and solutions. The three day event sponsored by the Society for Maintenance and Reliability Professionals will include more than 50 educational sessions and over fifteen workshops, as well as product exhibitions and plant tours.

Within the large exhibitor area, eMaint Enterprises will be represented at booth #212 by Gene Pargas, VP of Business Development and Lisa Williams, Marketing Specialist. They will be available for questions on eMaint X3, eMaint's web-based CMMS solution. eMaint X3 delivers an easy to use, configurable, and diverse feature-set that enhances maintenance effectiveness, improves efficiencies and provides heightened executive insight into business performance. eMaint's innovative solution serves over 4900 satisfied users worldwide.

Mike Barok, CMRP (Certified Maintenance and Reliability Professional), will also be attending the educational sessions on Equipment Reliability, Manufacturing Process Reliability and Work Management as part of ongoing continued education.

Dedicated to Your CMMS Success for Over 25 years

Regarding eMaint's objectives at the conference, Pargas notes, "Our participation in selected national events focused on achieving successful maintenance operations allows us to connect with prospective clients and existing customers and learn first-hand what issues they are currently facing."

About eMaint Enterprises, LLC

eMaint, the leader in on-demand CMMS solutions, has been providing maintenance management software solutions since 1986 and was one of the first CMMS providers to develop a completely web-based "Software as a Service (SaaS) model for more rapid implementation at a lower total cost of ownership. eMaint's client-base consists of over 4900 users worldwide across 750 sites ranging from small & medium sized organizations to Fortune 500 corporations including manufacturers, service providers, fleet operators, energy and utility companies, health care facilities, universities, municipalities, and facility and property managers. For more information on eMaint products and services, please visit the eMaint web site at www.emaint.com.
